Classrooms A & B

We will be talking about fire safety, with firefighters visiting the classrooms. The children will be introduced to Eddie Eagle who hosts a program on gun safety for young children. Petland will visit the classrooms and introduce some fun critters.

Both classrooms have begun practicing for our Winter Family Event.

Early Head Start and Head Start Home Based

Home visitors are busy looking for new and exciting venues for socializations. They are asking that if you have any ideas to please provide them with your suggestions.

Happy Birthday
