

This month, we will be focusing on patterns.

Patterns are an important early math skill. We will start with an AB pattern and work on extending the pattern.

These activities can be done at home with various materials. For example, have your child sort socks and then line them up blue, red, blue, red, blue. Then ask your child, what would come next?

The children will be learning about Gun Safety with Eddie the Eagle. Your child may come home singing the song from the video, "Stop, Don't Touch, Run Away, Tell a Grown Up." The video is available on YouTube if you would like to watch it with your child(ren).

The students will also be learning about Pedestrian Safety.

Important Information

The weather is changing, please send your child with a coat to wear during outside time. We suggest dressing in layers because sometimes the temperature in our classroom is either too hot or too cold. It's also a good time to switch out their extra clothes that we keep here with pants and long sleeved shirts.

Parent Event

Please join us for our Parent Meeting on Wednesday, November 9th at 4:30 p.m.! Snack and quiet activities for the children will be provided. We will be discussing the importance of self-care.
