## Center News

Our center base children will be getting ready for the holidays. The teachers will be working with the children on the changing of the seasons and what to be thankful for. The month of November will be based on what nature has to offer and what we can do with it, cooking included. The classrooms will also be talking about gun safety. Eddie the Eagle will be introduced to the children to help them understand what to do when around guns.

## Home Base

The home base program will also be offering a broad range of activities that revolve around what nature can offer us. A turkey obstacle course, turkey find game, and a Thanksgiving feast will be offered at our Home Based and Early Head Start socializations this month.

*As always, call us at the center if you have any questions!*
