# January

## Center News

Welcome Back! We hope everyone had a wonderful winter break! We are excited to begin this new year with you all!

### Center Based

Both classrooms will continue learning about winter weather and how animals prepare and cope for the long, cold winter. The children will also learn about winter safety and the community helpers who work to keep winter safe for us. Teachers would once again like to remind everyone that the children will be spending time outdoors as long as the temperature is above 25 degrees. Please dress your child in coat, gloves and hats. If you have any extras of these items and would like to donate to the center, please contact one of the teachers, Alicia or Tammy. If you do not have these items, please let us know and we can provide them!

### Home Based/Early Head Start

SIGHTS! SOUNDS! AND TEXTURES!  
EHS/HB will be exploring movement and will be using their senses to explore sights, sounds, and smells. They will also be working on making comparisons between real and non-real objects. Home visitors continue to look for new and exciting sites to hold HB/EHS socializations. If you have any ideas, please share them with your home visitor!

## Happy Birthday

Dari A., Iris H., Rinku S., and Lillian P.
