February

New Lexington Head Start

Center News

Center Based

Happy February! This month, our classrooms will be focusing dental health, learning about February holidays, and classrooms will be completing snow and ice projects and experiments. Picture Day will be held at the center on February 1st. Please be aware if you do not register, your child's picture will not be taken! If you have any questions about picture day, please call us at the center. The Perry County District Library Book Mobile will be stopping by the center again this month on February 2nd at 12:45 pm. The Book Mobile will have items for all ages! – Reading with your child helps build language and thinking skills. Even before children can talk, story time helps build babies' brains. When you read with children, they are connecting the words you say to the pictures on the page and to the things in their world. All of those connections are brain connections!

Home Base/Early Head Start

The Home Based Program is partnering with families to plan hands-on parent/child projects for upcoming socializations. The themes for this months socializations are focused around Picture Day and Valentine's Day. We hope to see all of our Home Based/Early Head Start families there!

As always, call us at the center if you have any questions (740) 342-1333

Happy Birthday
