

## Center News

The students will continue to work on individual goals that will ensure Kindergarten Readiness for the children who will be attending Kindergarten in the Fall, and to help our returning children be on the correct level according to their COR assessment. The teachers will be scheduling conferences soon and will explain more in detail about goals, progress, and/or concerns.

Here are some ways to continue the learning this summer:

- Participate in the Summer Reading Program at the Library.
- Explore the outdoors!
- Play "I Spy" within environment.
- Traveling? Explore with environmental print. Count how many times you see an exit sign that has gas station on it or the famous golden arches for McDonald's.
- Play matching games while sorting laundry and try making patterns with the socks.

Thank you so much for being so patient and understanding with all of the adjustments that we have had to make this year! We appreciate you! 😊

**Perfect Attendance for March:**

**Liam**

**85% or higher Attendance for March:**

**Xander      Karson      Payton      Tori**
